

Digital Solidarity.

ESC Project of Volunteering in Litija, Slovenia

What is the project about

With the Digital Solidarity project, we would like to show that it is still possible to carry out activities remotely - offer them online and thus still maintain contacts with young people and children. Youth Centre has laid the foundations of digital youth work, and with that, we will offer volunteers a great opportunity to continue and upgrade our work with their knowledge and ideas and build on their competencies.

Volunteers in schools will work there during the school year in the time of holidays will work in the YC. Volunteers in YC will work there during the whole year. The whole group will once per week cooperate together.

YOUTH CENTRE PLACEMENTS

Youth Centre Litija

Youth Centre Litija was established in 2006 and is a part of Institute for Culture, Youth and Sports. What do we do in MC as we call it? In our daily centre we offer various workshops, usage of computers, board games, sports equipment, place for musicians to practice, gallery, ...

We organise sports tournaments, concerts, Halloween events, Carneval for kids, ...

We cooperate with several organisations in the local community like second-hand shop 'Stara šola', Educational centre for young adults with special needs, Primary Schools, High School, students club 'Klišé', ...

Big part of our organisation are ESC volunteers. We hosted them over 30 since 2009.

PRIMARY SCHOOLS PLACEMENTS

Primary School Litija

This year Primary School Litija has over 500 pupils, which are included in 32 departments. In addition to the primary school (6 - 15 years old), we have two subsidiaries where classes from the 1st to the 4th classes (6-11 year old pupils) are conducted, and a branch with a customized program for students with intellectual and other disabilities, for children from 6 to 26 years. There we have four departments of program with a lower education standard for students with minor mental disorders and three departments of the special education program for pupils with moderate and severe mental disorders.

The primary school is located in the centre of Litija. The school is new, since they began with the lessons in it in September of 2014. The classrooms in it are modern equipped with ICT technology (each classroom has at least one computer, a projector ...). Volunteer will participate in various sports days, excursions, and other school trips.

Primary School Gradec

Primary School Gradec is a medium sized school in a small town of Litija in the centre of Slovenia.

ESC volunteers participate in all areas of our educational processes in non-formal ways by taking part in regular and after stay lessons, go to excursions, cultural, technology, sports days and one-week winter school in the nature. School offers many activities where ESC volunteers can contribute with their own skills and references. Volunteer will participate in various sports days, excursions, and other school trips.

Primary School Gradec is hosting organisation since 2009 already.
